

CSV STROOSSEN

MÉI NO BEIM BIERGER.

Strassen is a municipality close to its residents.

In recent years we have implemented many ideas for you and with you.

As CSV, we will continue to listen to the citizens in the years to come, because only together can we make Strassen a pleasant village to live in.

WE ARE COMMITTED TO:

- The environment and climate
- Sport and culture
- Mobility and local commerce
- Inclusion and integration
- Affordable housing
- Citizen safety

WE CARE ABOUT ALL OUR CITIZENS:

- Young and old
- The 112 nationalities present in our municipality
- We do not differentiate between social status
- You are all important to us

These are our main topics, the detailed electoral program will be available soon on stroossen.csv.lu
